CUSTOMER INSPO

Whether you're drawn to the timeless elegance of traditional designs with vintage fixtures and intricate tilework, or prefer the clean lines and bold aesthetics of modern bathrooms, our range offers something for everyone. Let's explore how our customers have transformed their bathrooms into unique and personalised sanctuaries.

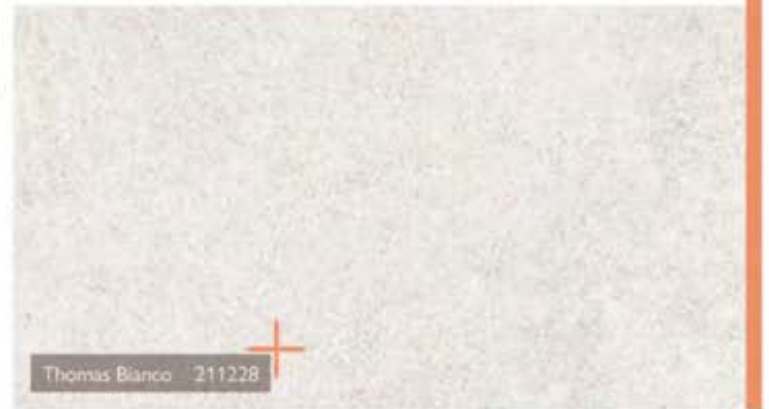

From traditional details to contemporary finishes, these transformations showcase the perfect harmony of styles. Let their creativity inspire your own designs—start your journey with the ideas inside our brochure!

Alongside these softer textures, SS26 introduces more expressive, statement surfaces. The Ventura Rio Marble tile features dramatic veining with rich, flowing movement, designed to become a focal point within a space. Similarly, Odin Vera offers a slightly more fluid

and artistic take on marble, with softer transitions and delicate warm accents running through the surface. These designs highlight the continued evolution of porcelain, delivering the look of natural stone with greater consistency and practicality.

NEW FOR SS26

The SS26 tile range introduces a more refined and design-led approach, combining texture, tone and material to create spaces that feel considered and layered. This season moves away from flat, one-dimensional surfaces and instead focuses on adding depth through structure and subtle variation. The Paco Azul and Paco Verde tiles lead this shift, showcasing slim, fluted designs that bring a soft architectural rhythm to walls. Their elongated format and gentle tonal variation create a panelling effect that instantly elevates bathrooms and living spaces, offering a modern yet timeless backdrop.

Texture continues to play a key role across the collection, as seen in the Haussmann Natural / Concept Azul setting. Here, structured wall panelling and fine vertical detailing come together to create a calm, "quiet luxury" aesthetic. These surfaces don't rely on bold patterns; instead, they build interest through light, shadow and subtle movement. This makes them ideal for customers looking to create high-end, spa-like interiors that feel both minimal and warm.

Finally, the range is grounded with timeless essentials that complement these statement pieces. The combination of Saint White Marble and Invictus Noir reimagines the classic chequerboard floor with a more refined, marble-led finish, blending tradition with a modern edge. These core designs are key to the SS26 collection, allowing customers to mix bold features with subtle foundations and create interiors that feel both stylish and cohesive.

+ CONCRETE

Achieve an industrial yet modern look with the concrete tile effect, designed to bring raw, urban sophistication to any space. Mimicking the rugged appeal of poured concrete, these tiles feature subtle imperfections, texture, and depth that evoke the aesthetic of contemporary lofts and minimalist interiors. The concrete effect offers the cool, neutral tones of natural cement, ranging from soft greys to bold, dark charcoals, making it versatile enough to complement both modern and industrial design styles.

The background of the entire page is a repeating pattern of wood-effect tiles. Each tile is a square with a diagonal grain pattern, and they are arranged in a staggered, interlocking fashion. The wood grain is a rich, warm brown color.

+ WOOD

Experience the warmth and natural beauty of wood with the practicality and durability of tile through the wood tile effect. Designed to mimic the rich textures and grains of hardwood, these tiles offer the timeless appeal of wooden floors without the maintenance or wear. Whether you're looking to create a cosy, welcoming atmosphere or a sophisticated, natural aesthetic, wood-effect tiles deliver warmth, style, and practicality in every space.
